INTRODUCTION HEADLINE

Founded in 1989, MSD is a design practice, rooted in pharmaceutical design. This practice is dedicated to the creation of innovative and ergonomic spaces and places. We pride ourselves in not only producing the work that fulfills the purpose of the design, but also captures the personality of the client. We believe in setting new horizons in this industry by using creativity and technology to empower those who enter and experience space.

OUR PROCESSES

1	INTERNAL SURVEY	We conduct thorough internal surveys to assess and evaluate a building’s layout, systems, and infrastructure, identifying issues and ensuring compliance with standards.
2	BASE AND DETAILED PLAN	We also provide full base plan layouts, and do all detailed plans for contractors. We also provide full detailed and to-scale plans and layouts for the renovated project.
3	3D PERSPECTIVE	We provide immersive 3D video walkthroughs that offer a dynamic preview of your new pharmacy’s design. These virtual tours let you explore and visualize the space realistically, giving you a detailed view before construction begins.
4	PROJECT IMPLEMENTATION	We handle the full execution of project plans, from resource coordination and task supervision to progress monitoring and adjustments, ensuring successful completion through detailed planning and continuous communication.
5	PROJECT MANAGEMENT	We expertly manage projects from planning to execution, coordinating resources, timelines, and tasks while adapting strategies and ensuring clear communication with stakeholders.

OUR EXPERIENCE
